Absolut Hook Features:

Hammer started this tough-hitting series with the Absolut Curve in July. Now we're back to hook it from anywhere on the lane. The Absolut Hook is built with a new powerful H-200 Solid coverstock that's designed to handle slick lane conditions. With its low RG FatMax core shape, this Hammer revs up in the mid-lane and offers big continuation down-lane. Think of the original Arson on steroids. This Hammer's just begging to Hook. Don't miss out on one of the strongest balls Hammer will have all season - the new Absolut Hook!
